

INTERIOR LIGHTING BALL (plastic)

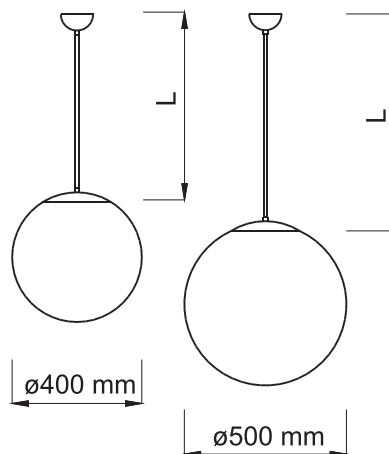

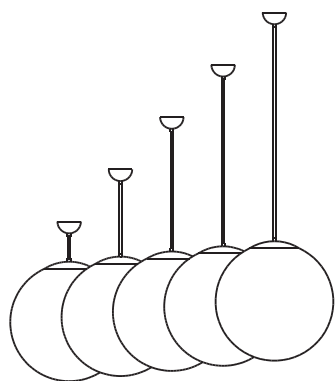

- cheaper than the glass ball
- unbreakable plastic
- convenient for schools
(no danger of injury with a splinter of glass)

Ball: ø 400 mm and ø 500 mm
Pendant: lengths of pendants 200 - 1000 mm
 finishing - chrome, brass, white

Protection degree: IP 20
Diffuser: plastic UV stabilized
Power supply: 230V 50Hz
Lamp: max. 100W / E27
 We recommend the compact fluorescent lamp 23W / E27.

USE:

Illumination of living and public rooms, schools, offices, balls, etc.
